

Conner and The Lord's Prayer

Conner woke up very early on the morning that was to be his first day in school. Every morning, before he ate breakfast, Conner recited something from the Bible. It might be a Commandment, or a Beatitude, or the Lord's Prayer.

This morning, Conner chose to say the Lord's Prayer. After breakfast, he started off to school. Just down the street from his house was the bus stop. The bus took him directly to school and brought him home after school.

When school was out in the afternoon, Conner skipped down the walk and got into one of the buses that were parked in front of the school building. After the bus had gone for many blocks, Conner noticed that it was taking him in the opposite direction from his house. He pulled the bell cord that was above the bus window. This told the driver that someone was ready to get off. The driver stopped and Conner got off. The bus pulled away and went on down the street.

Conner looked around and he didn't recognize any of the houses. He started to cry because error told him that he was lost and couldn't find his way home. Also, he didn't know how to get back to his school because the bus had made too many turns. Conner knew that it was time to stop listening to error and start listening to God. God told him that His angel thoughts were always with him, and they would walk with him and show him the way. So Conner began walking and while he was walking he kept saying the Lord's Prayer over and over again to himself. He also knew that God was everywhere and he could never be separated from Him.

As he continued to walk and pray, he happened to look up at one of the houses on the street. He recognized it as a house that belonged to a friend of his grandpa. His grandpa had driven him there many times and he knew that he could find his way home from there.

When he finally got home, his mother met him at the door. She said that she had been so worried when he didn't come home on the bus after school. Conner was all smiles as he told his mother what had happened. Mother was so surprised when Conner told her that he had walked home from grandpa's friend's house because that house was two miles away. She asked Conner how he had walked those two long miles all by himself. Conner said that he didn't walk by himself because God angels were there walking with him. He told her that while he was walking he kept knowing that he could never be anywhere that God was not because He is everywhere.
